The screenshot displays the Power BI Desktop application window. At the top-left, the title bar shows 'Untitled Report' with a close button. Below it, a 'File' menu is visible with a 'Rename' option highlighted. A blue tooltip box is overlaid on the 'Rename' button, containing the text 'Rename your report' and 'Click the report name on the top-left and give it a clear name.' The tooltip also has 'Back' and 'Next' buttons. The top-right of the window features buttons for 'Reset', 'Share', 'View', and a help icon. Below the title bar, a ribbon contains various icons for adding charts, controls, and themes. The main workspace is a large white area. On the right side, there is a 'Data' panel with a search bar and a list of fields, including 'Record Count'. Below the 'Data' panel, there are buttons for 'Add a field', 'Add a parameter', and 'Add Data'. The bottom-right corner of the window shows a 'Pause updates' button.
